

BRAKE PAD XTRA P44021NX

The P44021NX Xtra brake pad is synonymous with reliability

Brembo Xtra brake pads, developed to enhance the advantages of the Xtra and Max discs, are made using the special BRM X L01 compound which consists of more than 30 different components. Compared with the compound used for original-equivalent pads, the new solution assures a higher friction coefficient, which translates to more precise and stable braking, at both high and low temperatures. All this makes for greater driving comfort and improved pedal modularity, without compromising the product's mileage output.

- ✓ OE-equivalent
- ✓ Brembo quality
- ✓ ECE-R90 certificate
- ✓ Safety
- ✓ Performance
- ✓ Sports driving

Technical specifications

EAN code
8020584131350

Thickness
17 mm

Width
131 mm

Height
58 mm

Braking system
TRW

Wear indicator
Prepared for wear indicator

WVA number
25720

Accessories
With anti-squeal shim
